

November 11, 2020

Dear Music Parents,

ALF has always strived to provide the best possible programs for the community. Trust that our teams of administrators and educators will continue this tradition and are working hard to bring classes to your family, regardless of the challenges we face.

We heard from a number of families who were not able to login to their Zoom meetings on Monday and Tuesday. We apologize for this difficulty. We anticipate there could be more problems for the Thursday, Friday and Saturday classes.

In order to be proactive in solving this issue, I am attaching a Word document with all of the Zoom links, Meeting ID numbers and passwords for each block of classes. These will be the links that you will use for your classes throughout the year. Please find the class for your student and "Control+Click" on the link. If the link does not take you to the meeting, you can try to enter the meeting using the Meeting ID and password at Zoom.com. If that still does not work, please email your instructor for further guidance. All instructor emails are on the website on the Music Staff and Contact Music pages.

We sincerely apologize to anyone who had difficulty attending their first class and hope that this resolves the issue, moving forward. If not, we are here to help.

Sincerely,

Susan Bolan
ALF Philanthropic Administrator
