A REMINDER ...

Dear String Parents,

One of the challenges of our virtual classes is not being able to tune the string instruments in class, as we've done in the past. After several weeks of classes, the strings are now in need of tuning. ALF has arranged for drive-up tuning next Wednesday, December 16, from 3:30-4:30 in the ALF parking lot at 4607 Oakwood Avenue in La Cañada Flintridge (north of the library.)

Your student does not need to attend; we just need the instrument in the trunk of your car!

To facilitate the process, we are scheduling times for specific instruments.

3:30-4:00: Violas and Cellos

4:00-4:30: Violins

We plan to have monthly tuning sessions and will be sending out reminders, as well as posting future tuning dates on our website at alflintridge.org.

Nancy Gunther
ALF Instrumental Music Chair
