**Hello!**

**I just wanted to send this signal out again. Since we unfortunately do not have our own backstage crew, our program really depends on parent volunteers to help make this show the best it can be. If there is anyone crafty, creative, or just looking for a fun project, please consider reaching out to help with these signs. Thank you so much for supporting our cast of kiddos!**

Hello!

I wanted to reach out and see if there were any crafty parents out there who would be able to make a couple of signs for us to use in the show. Info below!

### **Sign #1** **Stay Out! Beware: Ogre**

The original sign from our 2018 production is still in storage (pictured below) but it has been painted over for other productions. All we would need is someone to repaint it with the correct message.

### **Sign #2** **True Love's Kiss**

This is two foam core boards put together to hide Shrek and Fiona as they "kiss" (not really) behind them. Here is the original one we used in the last production, which has unfortunately been lost.

Please let me know if you are able to do one or both of these signs.  
Thank you so much for all your support! - Katelyn
