Hello all!

I just wanted to remind everyone to please share this link to the songs with your kids:

It is so important that they find time outside of rehearsal to practice their songs (both solos and chorus parts!). Unfortunately we don't have time during rehearsals to practice each song every week, so there might be a couple weeks that go by that we are focusing on other songs and scenes. It is an amazing help when kids are able to practice and memorize their parts on their own, and early! They have done the full read thru, so they should already be familiar with which parts they are supposed to sing. Please let me know if you have any questions.

Thank you so much for your support!

Best,
